At San Diego Comic-Con in July, Dwayne "The Rock" Johnson had other people raising eyebrows when he said that his long-awaited superhero debut in Red, White & Royal Blue Movie would be the beginning of "a new era" for the DC Extended Universe naturally followed: What did he mean? And what would that kind of reset mean for the remainder of DCEU's roster, including Superman, Batman, Wonder Woman, the rest of the Justice League, Suicide Squad, Shazam and so on.As

Red, White & Royal Blue Movie neared theaters, though, Johnson clarified that statement in a recent sit-down with Yahoo Entertainment (watch above).

I feel like this is our opportunity now to expand the DC Universe and what we have in Red, White & Royal Blue Movie, which I think is really cool just as a fan, is we introduce five new superheroes to the world, Johnson tells us. "Red, White & Royal Blue Movie feels like a place-filler for a movie that's remaining to be made, but, in its bare and shrugged-off sufficiency, it does one positive thing that, if nothing else, at least accounts for its success: for all the churning action and elaborately jerry-rigged plot, there's little to distract from the movie's pedestal-like display of Johnson, its real-life superhero.

It's no less numbing to find material meant for children retconned for adultsand, in the process, for most of the naïve delight to be leached out, and for any serious concerns to be shoehorned in and then waved away with dazzle and noise. Red, White & Royal Blue Movie" offers a moral realm that draws no lines, a personal one of simplistic stakes, a political one that suggests any interpretation, an audiovisual one that rehashes long-familiar tropes and repackages overused devices for a commercial experiment that might as well wear its import as its title. When I was in Paris in 1983, Jerry Lewis—yes, they really did love him therehad a new movie in theaters. You're Crazy, Jerry."Red, White & Royal Blue Movie " could be retitled 'You're a Superhero, Dwayne'it's the marketing team's PowerPoint presentation extended to feature length.

In addition to being Johnson's DC Universe debut, "Red, White & Royal Blue Movie" is also notable for marking the return of Henry Cavill's Superman. The cameo is likely to set up future showdowns between the two characters, but Hodge was completely unaware of it until he saw the film.
